

Broadcasters feel threatened by the success of satellite radio. Instead of competing and improving their services, they want the you the government to protect their businesses by attacking satellite radio. This same group has tried to block every innovative technology that has been warmly welcomed into America's homes and cars. In the 1940's, radio broadcasters tried to squash television. In the 1970's, AM broadcasters tried to put the kibosh on FM stations. They never win and they never learn. Let an innovative idea such as satellite radio give what it can to do it's paying customers. Without progress where would America be?
